Très Vénérable Cognac de Grande Champagne

COGNAC GRANDE CHAMPAGNE

This blend of extremely old Grande Champagne cognacs has benefited from maximum barrel ageing. It expresses all the nobility of the truly great eaux-de-vie when they reach the peak of their development.

The bouquet of this extremely old cognac is a subtle combination of finesse and elegance, lightness and intensity, excitement and tenderness. It is perfectly balanced and still crisp and fresh despite its age.

On the palate, it reveals the same round mellowness, with an extraordinarily long finish, tinged with liquorice, containing the remarkable complexity and all the subtlety of truly great cognacs.
